Facilities and Services

CHILD CARE TRAINING FACILITIES

Put your child care skills into practice in our simulated early childhood environment at our Springfield campus. You will work directly with children planning curriculum, delivering practical activities, taking observations, and discussing the children's progress with their parents.

MASSAGE SERVICES

Our Springfield campus offers massage services to the public. The facility is staffed by our massage students who offer a range of treatments including hot stone massage, reflexology, and remedial massage. We use the same products, equipment, and facilities found in the industry and you will have the opportunity to work with real, paying clients.

To book an appointment call 'Salon on Mary' on (07) 3817 3130.
